

**15 June 2021**

**Concurrent Technologies Plc**  
(the 'Company')

**Annual General Meeting Statement**

At today's Annual General Meeting of Concurrent Technologies Plc (AIM: CNC), a world leading specialist in the design and manufacture of high-end embedded computer boards for critical applications, Jane Annear, CEO, will make the following statement on behalf of the Board:

"We are pleased to report that the Group's trading performance in 2021 has continued on from the positive results reported for 2020. We expect our first half results to be in line with the Board's expectations. The overall order book is strong and the Group's cash position remains healthy.

The Board continues to take a cautious approach to revenue expectations for the year as a whole. The well publicised shortage of components and materials that is affecting companies world-wide has added to the uncertainty initially caused by the COVID-19 outbreak and its potential effect on some programmes."
